

Kanalfiltergehäuse

Description

- 30 mm air duct flanges connecting duct to upstream and downstream side
- tightly closing, lateral maintenance door with hinges and sash lock fasteners for easy carbon filter changing, optional in right or left air direction
- cartridge installation frame for leak-free installation of carbon filter frames with three clamping bolts
- casing delivered ready for assembly, without filter units

Application

Duct filter casing for installation in air ducts as space-saving solution for installing of activated carbon filters $\varnothing = 147 \text{ mm}$, $L = 457/600 \text{ mm}$

Material

Duct filter casing from sheet material, galvanized or stainless steel 1.4301
